

Saint Augustine's releases a CHRISTMAS CD!

The DAT tape of the Christmas Classic *"O WONDROUS NIGHT"* was recently located and Matthew Polzkill became interested in re-releasing the album. After locating a machine that could read the DAT a master CD was created, re-mastered and now we are happy to announce that this album is back in circulation.

It is comprised of Christmas music that has been performed at St. Augustine's over the years. Some are traditional carols, some are arrangements. There is music for Choir, soloists and organ on the recording.

Featured is the fantastic arrangement of *O Holy Night* by Adam-Gilchrist for soprano and choir. It starts out innocently enough and then...the fireworks!

They are available from the St. Augustine Bookstore for \$10.00. All proceeds benefit the parish.

Thanks to Alexandra Eddy for the beautiful photo of the Altar at St. Augustine's decorated for Christmas.
